

HAWTHORN MEDICAL CENTRE NEWSLETTER

October 2026

Welcome to the first Hawthorn Medical Centre newsletter.

We know patients and local stakeholders are keen to hear about plans for both the temporary relocation of services and the development of a new permanent medical centre. This newsletter will provide regular updates on progress and key milestones so that everyone can stay informed.

In the meantime, patients will stay registered with Hawthorn Medical Centre and continue to receive the same care via the existing practice team.

Temporary Relocation

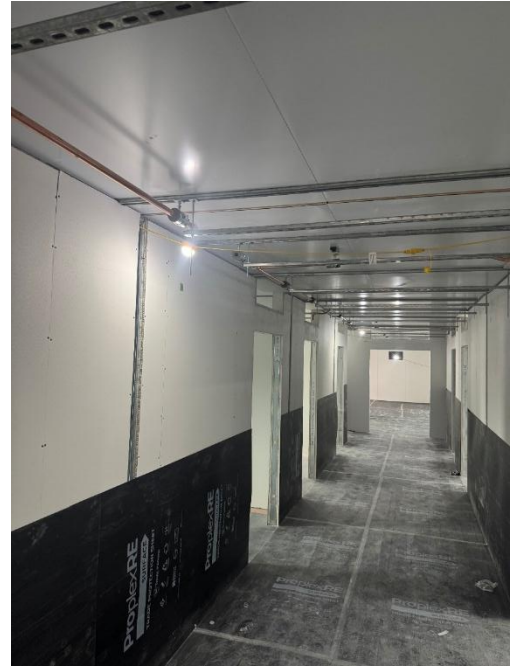

To allow the new Hawthorn Medical Centre to be built, the practice and Walk-in Centre will temporarily relocate to a modern, fully accessible building this winter. Patients will continue to receive the same services and care during this period. (Similar to the image below).

This is planned to take place in December 2026.

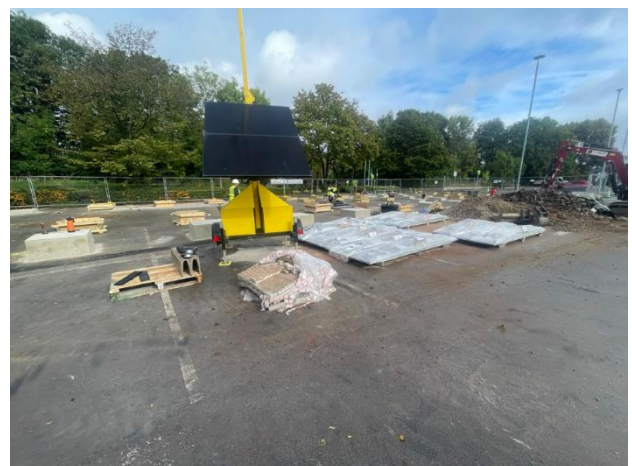

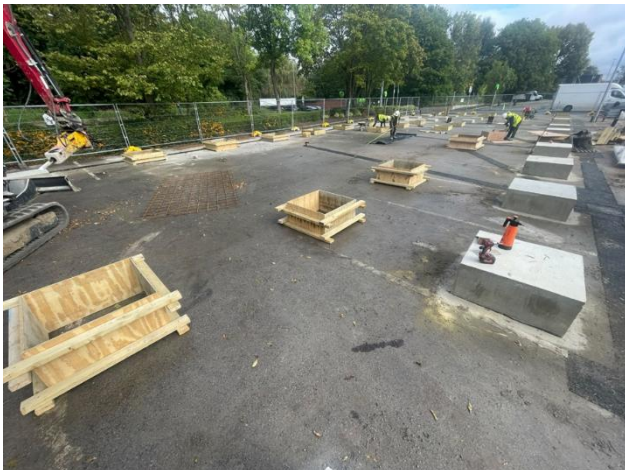

**This will be located at:
Asda Longsight
Stanley Grove,
Longsight,
M12 4NH**

Construction by Darwin Group has commenced with the building taking shape off-site.

Anyone visiting Asda Longsight recently will have also noticed that the construction work for the building foundations and drainage have also started.

New Build

The new Hawthorn Medical centre will be located on Moseley Road less than 100 metres from the current site. It will provide larger, modern facilities for patients and staff, additional clinical rooms, more space for healthcare services and improved training facilities for future healthcare professionals. The new premises will support the delivery of healthcare services for many years to come

Works have now started by Read Construction at the new site with completion planned for late Summer 2027.

PLEASE NOTE:

Patients do not need to take any action at this stage and **all services will continue as normal.**

What is staying the same?

- You will remain registered with the practice.
- Your GP and healthcare team will continue to provide your care.
- Telephone numbers, online services, and the practice website will remain unchanged.
- Appointment booking arrangements will stay the same.
- Prescriptions and routine services will continue as normal.

Further details about the relocation can be found at: <https://hawthornmedicalcentre.org.uk/>

If you are eligible Flu vaccinations are now available at Hawthorn Medical Centre.
